

The Time We've Spent Together  
Ms. Duarte's Fourth Period Class

THE TIME WE'VE SPENT TOGETHER...

Has been a time that I've enjoyed,  
Those moments in time that you and I had  
I'm going to cherish  
I will have in my memories  
Everything you've said and done  
When we did our plays,  
When we read The Chocolate War  
Our poems meant a lot and learning them was fun  
It's to be remembered and was so special and fun  
It has been really great trying to get good grades  
We passed through good and bad times and learned more  
It has been with love  
And priceless  
It has been great  
When I came in this class I was inexperienced  
You learned me some English good  
It might have been hard, but we made it through  
All the things we've done made me realize that time goes by really fast  
I've loved to learn to live  
I will carry these experiences throughout life  
I cannot believe Ms. Duarte is not a wife  
I wish I was twenty-five so I could fly with Ms. Duarte's life  
We will go through life and remember the good points  
And what you have started will never end  
You have changed our lives for the better  
It will be remembered as a good experience  
So long farewell  
By everyone you love  
Saved by the bell  
We and I will miss you
